# Overview

The Low-Profile Secure Wallmount Cabinet enables you to mount hubs and other network components against the wall or under tables or desks.

The cabinet is constructed of 16-gauge steel with a durable, black powder-coat finish. It includes a steel top cover and multiple cable lacing points in the rear. Choose from two racking heights: 2U and 4U. The cabinet includes pre-installed, 11-gauge, 10-32 threaded rackrails with three positions for cable managers or flush equipment mounting.

## What's Included
